QUESTIONS AND ANSWERS

To activate the SIM card it is necessary to pass biometrics?

Yes, according to the new law.

In case of failure, the SIM card will not be activated and communication services will be unavailable.

Is it possible to buy a SIM card from someone?

This is illegal. It is safer to purchase it from the operator's official office.

And if I already had MegaFon SIM card?

You can restore your previous SIM card at the nearest MegaFon office.

HOW NOT TO BE LEFT WITHOUT MOBILE COMMUNICATION IN RUSSIA

New rules for activation and purchase SIM cards in Russia

INSTRUCTIONS

Read and tell your friends

New rules for SIM card activation in the Russian Federation will be introduced from January 1, 2025

To activate a Russian SIM card from any operator, foreign citizens will need:

- get SNILS,
- create and activate an account in State Services,
- undergo the biometric procedure.

In case of failure, the SIM card will not be activated and communication services will be unavailable.
